///////// **Packaging Design**

I was working on the packaging design for Gery using Illustrator and Photoshop, focusing on highlighting the Brand Active Benefit (BAB) to showcase the product. We used a 3D artist to model from an existing pack with a new pose, and another 3D artist for the snack. However, the project was cancelled because Garuda decided to redesign all Gery products to align with the rest of the all Gery product.

 **Packaging Design**

GAS SORR

I am currently working on the packaging design for Konimex Snack, Gasorr, using Illustrator and Photoshop. I have collaborated with an illustrator to create a character that adds a fun element to the design. The blueprint and main design were created by me and have been reviewed by my Creative Head. The project is ongoing.
